The MARIE table lamp with its combination of fabric and ceramic creates a cosy and inviting ambience. With its vintage design, the lamp becomes an absolute eye-catcher, as a bedside table lamp in the bedroom, on the chest of drawers or on a side table in the living room. The lamp is equipped with a cord switch, making it easy to switch on and off. The bright design in white creates an inviting atmosphere and can be combined with other colours. The use of an LED light source is recommended for energy-saving lighting. These are an excellent alternative to conventional halogen lamps and represent a high quality of light together with energy savings of up to 80%. With LED lighting, you also benefit from a long service life and low heat generation, while at the same time protecting the environment.
